

Appendix D

Hi,

We are excited to announce a new UCSD study that investigates Twitter habits in men who have sex with men. We are reaching out to you because of your participation in a prior UCSD study. We are looking for volunteers who use Twitter frequently (or regularly), are men who have sex with men, and are 18 years or older.

If you are not interested in this study, you do not have to participate.

If you are interested in participating in this study please click or paste the URL mentioned below in your web browser. More details regarding the study can be found at the website.

The URL will be active until midnight of June 12, 2015.
